Date Fund Returned:	N/A

**Expenditures by
Category**

Administration/ Coordination	\$ 21,671.00
Project Development	
Technical and Engineering	
Construction	
Total Expenditures	\$ 21,671.00

Outputs and Outcomes

Outputs: General Services Grants are used to offset ongoing expenses to keep the SWCD office functioning, such as rent and insurance. Expenditures in those two categories alone totaled \$20,618 for CY2011, which does not include things such as computer network costs, vehicle expenses, office supplies and equipment, etc. .

Easement Services Grants support SWCD staff time and overhead for annual site inspections and other responsibilities for Reinvest in Minnesota conservation easements. There were 31 inspections completed and reported to BWSR for 2011, which included CREPII and SE MN Flood Relief RIM contracts.

Outcomes:
A total of 517.4 acres enrolled in these programs protects highly erodible land, riparian corridors, and marginal cropland, including cropland that had been enrolled in CRP.
