Outputs and Outcomes

Outputs: General Services Grants are used to offset ongoing expenses to keep the SWCD office functioning, such as rent and insurance. There were no expenditures from the FY13 Grant in calendar year 2012.

Easement Services Grants support SWCD staff time and overhead for annual site inspections and other responsibilities for Reinvest in Minnesota conservation easements. There were no expenditures from the FY13 Grant in 2012.

Outcomes:
 A total of 517.4 acres enrolled in these programs protects highly erodible land, riparian corridors, and marginal cropland, including cropland that had been enrolled in CRP.
